

Linford and Bradgate Spring Homework 2018

This term in Topic we are learning about forests. We would like the children to produce a story about a forest for their homework activity. This can be as imaginative as they wish, and can be presented in a way which best suits their strengths. Some children may want to produce a comic strip type story, or a mini book, or a piece of work on the computer. Foundation children may want to draw out their story to discuss at school or use words to represent the story next to pictures. Year 1 and 2 children could include exciting details and interesting sentences!

Homework should be handed in by 21st March 2018.
